Scorpion Security Products and the Scorpion was founded due to a clear need for a highly universal, secure and cost-effective solution that could secure some of the most expensive handheld electronics in US history.

Over the years, Scorpion has evolved from some of the very basic designs that we’ve started with, to now a highly complex, multi patented, completely universal and cost-effective solution that every retailer can afford.

The feedback we receive from our customers... SCORPION STOPS THEFT. We take great pride in being able to offer our customers the most innovative security solutions on the market, and offering service that is second to none. That is the Scorpion way...Choose Scorpion, stop losing and start selling today and every day!

-- Pete Gulick, Founder/CEO

CUSTOM SOLUTIONS AND PROTOTYPES

Scorpion works around the clock to develop the most innovative security solutions on the market. One of our specialties is custom design and prototyping. Our team of engineers have a combined 75+ years of experience and are able to address our customer's needs and pain points efficently and effectively. Scorpion designs and develops prototypes in a matter of days. As technology continues to evolve, so do we. Choose Scorpion for the most innovative security solutions on the market.

PHONES

QUICK RELEASE PHONE SCORPION

The Quick Realease Phone Scorpion is completely unique to the market in that it requires zero tools for installation. This product is universal to secure all phones and can be installed and removed in seconds for full consumer engagement.

- **Universal Design** - Secures all devices currently on the market
- **Seamless Integration** - Integrates into all fixture types
- **Quick Release Feature** - Spring loaded easy removal allows the device to be removed in seconds for full customer engagement
- **Tool-Less** - No tools required for installation
- **Easy Installation** - Install products in seconds
- **Longevity** - Scorpion devices last 10+ years, preserving initial investment

TOOL-LESS ERS PHONE SCORPION

Secure any-and-all mobile devices with the Tool-Less ERS Phone Scorpion that maximizes security and device functionality. Rotating base lets customers experience smartphones in vertical and horizontal view. Installation requires zero tools and takes less than a minute - faster than the average person can tie their shoes.

- **Universal Design** - Secures all OEM devices
- **Seamless Integration** - Integrates into all fixture types
- **Rotating Base** - Allows for portrait and landscape view
- **Easy Removal System (ERS)** - Take products on/off display with ease

“

YOUR PRODUCTS AND SERVICES ARE THE BEST.”

“WE HAVE HAD ZERO THEFT SINCE WE INSTALLED YOUR PRODUCTS, ZERO, AND WE HAVE STORES IN VERY HIGH THEFT LOCATIONS. I MEAN, THEFT HAS LEGITIMATELY STOPPED. I AM ENCOURAGING THE ENTIRE TEAM TO MOVE COMPLETELY AWAY FROM OUR CURRENT SECURITY, WHICH IS FROM ONE OF YOUR COMPETITORS. YOUR PRODUCTS AND SERVICES REALLY ARE THE BEST. WE ABSOLUTELY LOVE THEM, CAN’T THANK YOU GUYS ENOUGH. ”

- **Easy Installation** - Installs in less than 1 minute
- **Longevity** - Scorpion devices last 10+ years, preserving initial investment

CABLE

CABLE SCORPION

The Cable Scorpion provides maximum security while allowing for the highest level of consumer engagement. It can be used to secure a wide variety of items. It can also be used as a safety compliance device. There is currently one size clamp available that has an adjustable width ranging from 1.284 inches to 3.209 inches.

- **Universal Design** - Adjustable clamp width secures a variety of products no matter the size/shape
- **Customization** - Customizable cable length and colors available
- **Safety & Security** - Can be used to secure products or as a safety compliance device
- **Save Money** - Product can be reused across all departments
- **Easy Installation** - Installs in seconds
- **Maximum Security** - Allows for the highest level of security and consumer engagement

SPIDER WRAPS

SPIDER WRAP SCORPION

Scorpion offers EAS Spider Wraps in multiple sizes to protect a wide range of merchandise. These products are easy to install and will prevent shoplifting through their alarming system.

- **Merchandise & Secure** - Available in various sizes to protect a wide range of products
- **EAS Protection/Alarming** - Prevent shoplifting with AM/RF spider wraps. Product alarms in cut and run attempts, and if not removed properly, will alarm upon reaching security gates
- **Reusable Design** - Ability to reuse product across various departments
- **Easy Installation** - Install in a matter of second

ANTI-SWEEP WINE + LIQUOR DISPENSER

Side pusher dispenses product one at a time or on a customizable time delay, but staff can easily and quickly restock merchandise with the front-loading dispenser. With Anti-Sweep Scorpion's front-facing display, you'll never need to monitor displays or move bottles to front of shelves again. Fully customizable and available in individual units to accommodate bottles of all sizes.

- **Anti-Sweep** - Solution prevents multiple bottles from being "SWEPT" from shelves at once
- **Side Pusher** - Pusher feature allows for dispensing of 1 product at a time
- **Customizable** - Fully customizable for bottles of all sizes
- **Front-Loading**- Load products with ease through front of dispenser
- **Individual Units** - Available in individual facing cartridges to accommodate customer requirements

EAS BOTTLE CAP SAFERS

Scorpion offers bottle cap safers in various sizes to help in the fight against theft of wine and liquor. These caps are easy for employees to deploy and allow for a seamless shopping experience while maintaining complete protection.

- **Theft Deterrent** - Visible protection deters from theft attempts
- **Bottle Cap Design** - Enclosed design prevents decanting of bottles in store
- **Multi-Use** - Extremely effective with or without EAS (remove at door) system at the door
- **Easy Installation**- Employees can install and remove in seconds

ANTI-SWEEP BABY FORMULA DISPENSER

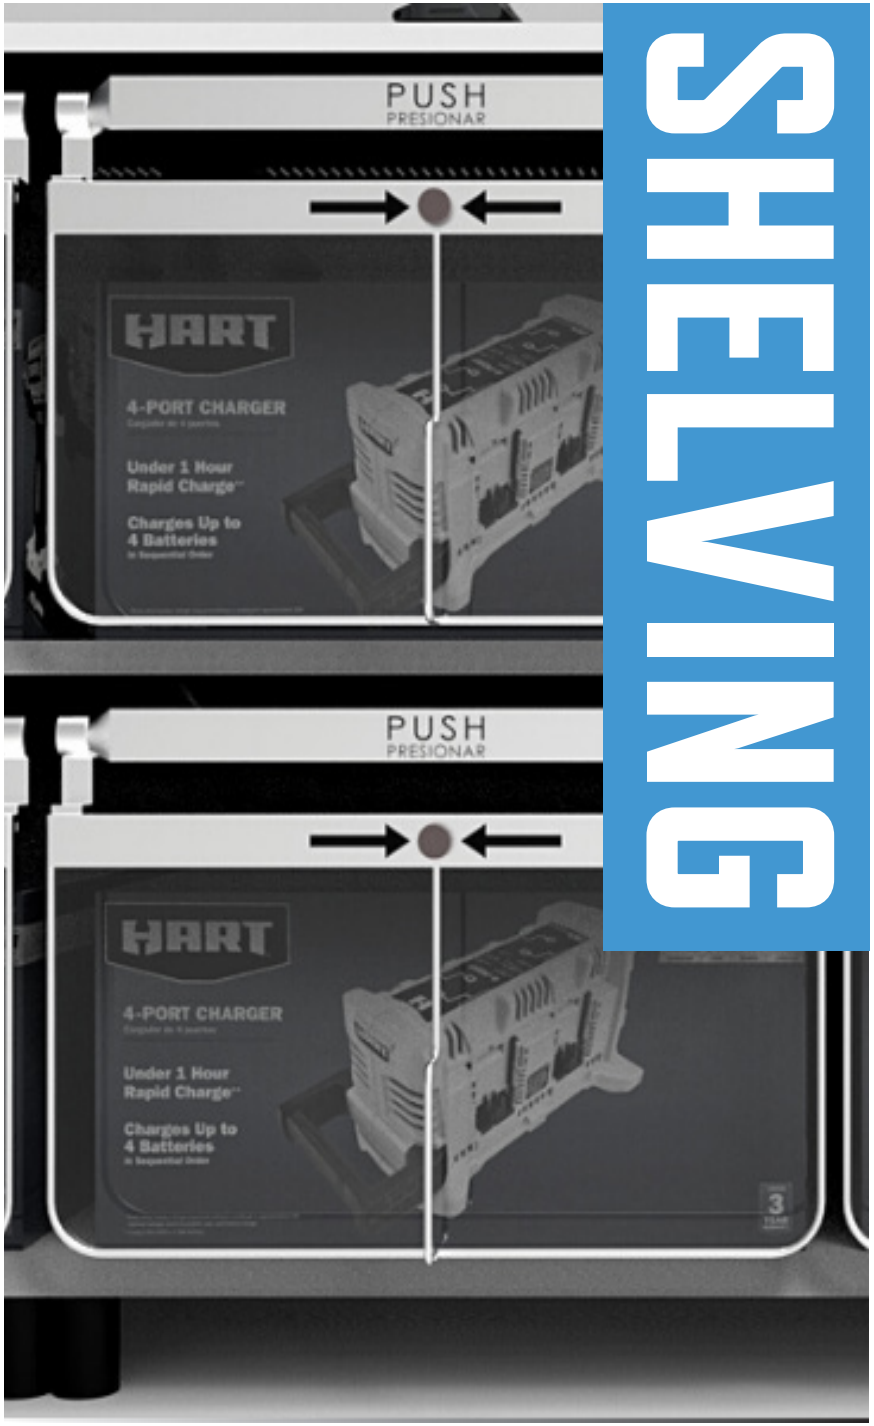
Manual turn only lets one product dispense at a time, but the patented one-way door technology lets staff quickly and easily restock merchandise. Products secured by Anti-Sweep Scorpion always display front-facing, which means you never have to waste time moving canisters to front of shelves manually. Fully customizable and available in individual units to accomodate containers of all sizes.

- **Anti-Sweep** - Solution prevents multiple bottles from being “SWEPT” from shelves at once
- **Manual Turn** - Feature allows for dispensing of 1 product at a time
- **Customizable** - Fully customizable for containers of all sizes
- **Product Loading**- Load products with ease through front & back of dispenser
- **Individual Units** - Available in individual facing cartridges to accommodate customer requirements

“THE FUNCTIONALITY IS EXACTLY WHAT WE’VE BEEN LOOKING FOR!

“WE LOVE THE LOOK OF THE BOTTLE DISPENSER. WE ARE HAVING AN ISSUE WITH LIQUOR LOSS RIGHT NOW AND THESE UNITS HAVE HELPED REDUCE THEFT. THE FUNCTIONALITY IS EXACTLY WHAT WE’VE BEEN LOOKING FOR!”
STORE MANAGER

SHELVING



SCORPION BARRIER SYSTEM

The Scorpion Barrier System can secure any product that is merchandised on a shelf or pegboard hook. Push-button technology provides easy access to products for the customer, while visual and audible alerts keep store employees aware of when the Scorpion Barrier System is open. Perfect for merchandising high-shrink products and big box store displays.

- **End of Run Audio Alert** - Audible alert beeps when barrier is opened or locked
- **Visual Alert** - Strobe will flash when multiple barriers are opened within a given timeframe
- **Push Button Technology** - Open/close through push button, which activates/ deactivates electronic lock
- **Smart Electronic Lock**- Can be locked/unlocked remotely
- **Longevity** - Scorpion devices last 10+ years, preserving initial investment

GOLF CLUB SCORPION

Scorpion offers a highly secure solution for golf clubs of all sizes that have removable heads. Our soluion allows employees to use a small barrel lock and key to open/close device, while maintaining a seamless, hands-on shopping experience for consumers. The Golf Club Scorpion provides complete protection against theft by ensuring that the club head cannot be separated from the shaft as both parts have high value.

- **Theft Deterrent** - Visible protection deters from theft attemps
- **Universal Design** - Solution fits all golf club drivers
- **AM/RF Technology** - Extremely effective with or without EAS (remove at door) system at the door
- **Easy Installation**- Employees can install and remove in seconds
