

SECURITY DISPENSER FOR BABY FORMULA

REDUCE SHRINK, KEEP PRODUCT ON THE SHELVES

Scorpion's Security Dispenser is an active deterrent system that reduces shrink and keeps product on shelves. Security Dispenser was designed to actively thwart undesirable events before they happen. Baby formula has become a top tier item for organized retail crime (ORC) and the average shoplifter. Let's be proactive against protecting these readily available, easy concealed items with our Security Dispenser, proven to reduce shrink and drive sales.
