**DON'T JUST
REDUCE THEFT,
ELIMINATE IT.**

**SCORPION IS THE WORLD LEADER
IN RETAIL DISPLAY SECURITY.**

Scorpion Security Products and the Scorpion was founded due to a clear need for a highly universal, secure and cost-effective solution that could secure some of the most expensive handheld electronics in US history.

Over the years, Scorpion has evolved from some of the very basic designs we started with, to now a highly complex, multi-patented, completely universal and cost-effective solution that every retailer can afford.

The feedback we receive from our customers...
SCORPION STOPS THEFT. We take great pride in being able to offer our customers the most innovative security solutions on the market, and offering service that is second to none. That is the Scorpion way...
Choose Scorpion, stop losing and start selling today and every day!

Pete Gulick, *Founder/CEO*

**“WE ARE CONSTANTLY
INNOVATING... ALWAYS STAYING
AHEAD OF THE CURVE.”**

CUSTOM SOLUTIONS AND PROTOTYPES

Scorpion works around the clock to develop the most innovative security solutions on the market. One of our specialties is custom design and prototyping. Our team of engineers have a combined 75+ years of experience and are able to address our customer's needs and pain points efficiently and effectively. Scorpion designs and develops prototypes in a matter of days. As technology continues to evolve, so do we. Choose Scorpion for the most innovative security solutions on the market.

PRODUCT FEATURES

Each and every Scorpion product is equipped with cutting-edge features to allow for easy installation and maintenance while delivering the best-in-class customer shopping experience.

Rotating Base

Allows for portrait and landscape view

Tool-Less

No tools required for installation

Easy Removal Option (ERS)

Take products on/off display with ease

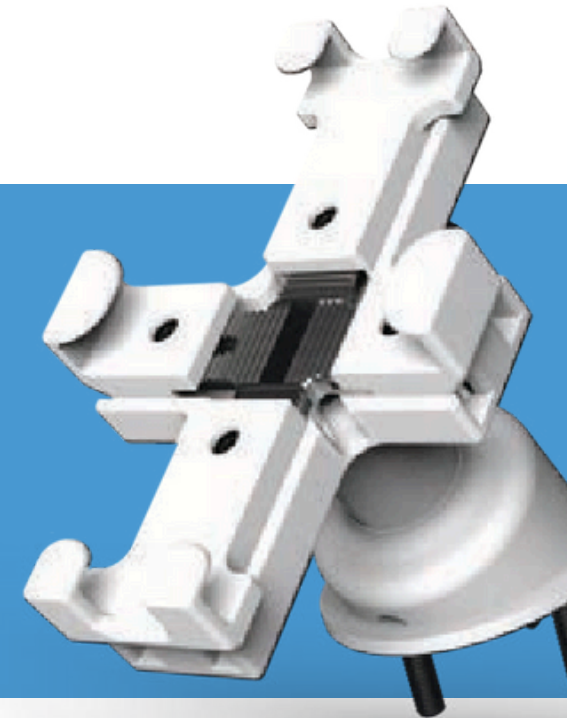

Easy Installation

Install products in seconds

Longevity

Scorpion devices last 10+ years preserving initial investment

OUR BRANDS

“BEFORE SCORPION, WE WERE LOSING \$130,000+ ANNUALLY IN STOLEN DEVICES.”

The Original Scorpion is an enduringly popular classic. Engineered for high-level security and customer engagement, the Original Scorpions are guaranteed to eliminate theft in your store entirely — all without obstructing the shopping experience for the customer. Incredibly effective at theft prevention and surprisingly easy to install, the Original Scorpion engages your customers with thoughtfully designed features to help you sell more while losing less.

Scorpion Select — our highest security product line yet, with tool-less installation that can be completed in seconds flat and customer engagement features to help you sell more. The future of retail security is here. Are you ready?

PHONES

Protect and display smartphones, flip phones and hot spots with universal designs featuring our patented Easy Removal System (ERS) that makes taking product off displays a snap.

SCORPION SELECT PHONE

Secure any and all mobile devices with the Scorpion Select Phone that maximizes security and device functionality. Rotating base lets customers experience smartphones in vertical and horizontal view. Installation requires zero tools and takes less than a minute — faster than the average person can tie their shoes.

SCORPION SELECT XL PHONE

Our most popular Phone Scorpion, now optimized for devices 7.1" and up. Slightly offset top legs allow for full back camera exposure, so customers can fully experience one of the most important features to consider when purchasing a smartphone — the camera.

- **Universal Design** — Secures all mobile devices on the market, including newer, larger-style devices 7.1" and up

ORIGINAL 4 POINT PHONE SCORPION

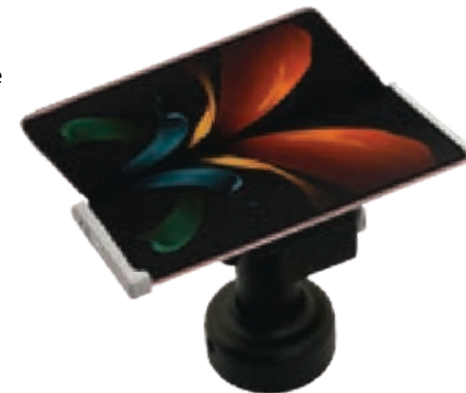

Keep live devices on display with the Original 4 Point Phone Scorpion. Patented design offers our highest level of security with four installation points — ideal for high-value devices like smartphones. Adjustable legs fit and secure mobile phones of all shapes and sizes, and Easy Removal System makes for effortless installation and removal.

Available in black and white.

ORIGINAL SAMSUNG GALAXY Z FOLD SCORPION

Scorpion offers a wide range of highly secure merchandising solutions proven to completely eliminate theft.

- **Custom Solution** — Designed to secure Samsung Galaxy Z Fold3

ORIGINAL 4 POINT XL PHONE SCORPION

The Original 4 Point XL Phone Scorpion is an exceptionally secure merchandising solution that can be used to secure smartphones, flip phones and even a variety of hot spots. Employees can change out products with ease and even take off display for nightly storage. Keep live devices on display without having to worry about theft.

Available in black and white.

- **Universal Design** — Secures all mobile devices on the market, including newer, larger-style devices 7.1” and up

ORIGINAL SAMSUNG GALAXY Z FLIP SCORPION

Scorpion offers a wide range of highly secure merchandising solutions proven to completely eliminate theft.

- **Custom Solution** — Designed to secure Samsung Galaxy Z Flip3

“YOUR PRODUCTS AND SERVICES ARE THE BEST.”

“We have had zero theft since we installed your products, zero, and we have stores in very high-theft locations. I mean, theft has legitimately stopped. I am encouraging the entire team to move completely away from our current security, which is from one of your competitors. Your products and services really are the best. We absolutely love them, can't thank you guys enough.”

PURCHASING MANAGER

TABLETS

SCORPION SELECT TABLET

Universal design secures any-and-all size tablets without compromising device functionality. Rotating base lets customers seamlessly experience tablets in both vertical and horizontal view. Designed to be virtually imperceptible to the consumer while still providing the highest level of security available on the market. Tool-Less installation takes less than a minute.

ORIGINAL 4 POINT TABLET SCORPION

Secure tablets of any size with the perfect blend of security and functionality. Rotating base lets customers experience all device features in vertical or horizontal view. Easy Removal System (ERS) makes taking product down from display for customer demos or overnight storage faster and easier than ever, while four installation points guarantee maximum protection.

Available in black and white, small and large.

SCORPION SELECT MAGIC KEYBOARD

The Scorpion Select Magic Keyboard requires zero tools for installation and can be easily installed in seconds. The patented design guarantees our highest level of security without compromising any device functionality. Let your customers experience how the Magic Keyboard's floating cantilever design transforms any iPad Pro or Air into what feels like a fully functional laptop — all without any risk of cut and runs.

- **Custom Solution** — Designed to secure Apple Magic Keyboard and iPad Pro 11" and 12.9"
- **Consumer Engagement** — Pivot points allow for full interaction with device — screen can open and close without threat of cut and runs
- **Access Windows** — Access windows for power, volume and speakers. Opening on back to expose camera
- **Keyboard Tabs** — Custom keyboard tabs prevent keyboard from lifting up

SCORPION SELECT TABLE TOP

Secure 2-in-1 convertible devices like Microsoft Surfaces or iPad Pros with the Scorpion Select Table Top. Installation of the patented design requires zero tools and can be completed in mere seconds — faster and easier than any Scorpion ever. Security bar adds extra layer of protection for keyboard without compromising any device functionality — customers can fully experience all tablet features.

Available in small and large.

- **Keyboard Protection** — The Table Top Scorpion offers an additional layer of security to protect the device and keyboard

LAPTOPS

SCORPION SELECT UNIVERSAL LAPTOP

Protect any-and-all size laptops with our patented design that improves the shopping experience for the customer by maximizing device functionality. Adjustable legs allow the Scorpion to perfectly fit and secure laptops of any size — from Chrome-books to gaming devices. Elevated stand guarantees proper ventilation. The Scorpion Select Universal Laptop can be installed with zero tools in mere seconds — easier and faster than any Scorpion ever.

- **Masterful Merchandising** — Enjoy full features and functions without compromising security. Ability to lift laptop and open/close device without the threat of cut and runs

SCORPION SELECT CONVERTIBLE LAPTOP

Secure 2-in-1 convertible laptops with the Scorpion Select Convertible Laptop. The Scorpion-patented design protects every type of convertible laptop and allows customers to fully interact with the devices' strongest selling points — flexibility and multi-functionality. The Scorpion Select Convertible Laptop can be easily installed with zero tools in mere seconds.

TOOL-LESS LAPTOP

The Tool-Laptop is designed to fit all laptops. This product requires zero tools for installation and can be installed in seconds. The Tool-Less Laptop also allows for consumers to engage with devices, and features a built-in backstop to prevent potential screen damage from over-extension.

Available in small and large.

WEARABLES

ORIGINAL WEARABLE SCORPION: APPLE WATCH

Install and remove devices from display in seconds, so customers can see for themselves why the Apple Watch is known as “the fitness partner that fits on your wrist.”

Available in black and white.

•**Custom Solution** — Designed to secure Apple Watch — 38mm, 40mm, 42mm and 44mm

ORIGINAL WEARABLE SCORPION: SAMSUNG GALAXY ACTIVE2

ERS allows devices to be installed and uninstalled from displays in seconds, which means customers can seamlessly demo the Samsung Galaxy Watch Active2’s most popular features, like the Samsung Health Monitor and ECG Monitor App.

Available in black and white.

SMART PEN

SMART PEN SCORPION

Let your customers freely explore all of the Apple Pencil's top selling points — tilt and pressure sensitivity, magnetic attachment, double tap tool change — without the risk of theft.

- **Consumer Engagement** — Product allows for a seamless customer experience and is an exceptional merchandising solution

CAMERA SCORPION

Universal design integrates into all fixture types and secures cameras, camcorders and lenses. Easy Removal System (ERS) makes installation faster and easier than ever before. Sleek design elevates in-store merchandising displays and engages customers.

CAMERA

CABLE

CABLE SCORPION

The Cable Scorpion provides maximum security while allowing for the highest level of consumer engagement. It can be used to secure a wide variety of items. It can also be used as a safety compliance device. There is currently one size clamp available that has an adjustable width ranging from 1.284–3.209”.

- **Customization** — Customizable cable length and colors available
- **Safety & Security** — Can be used to secure products or as a safety compliance device
- **Save Money** — Product can be reused across all departments

SCORPION SECURITY WRAPS

RETRACTABLE SCORPION SECURITY WRAP

Scorpion offers Scorpion Security Wraps in multiple sizes to protect a wide range of merchandise. These products are easy to install and will prevent shoplifting through their alarming system.

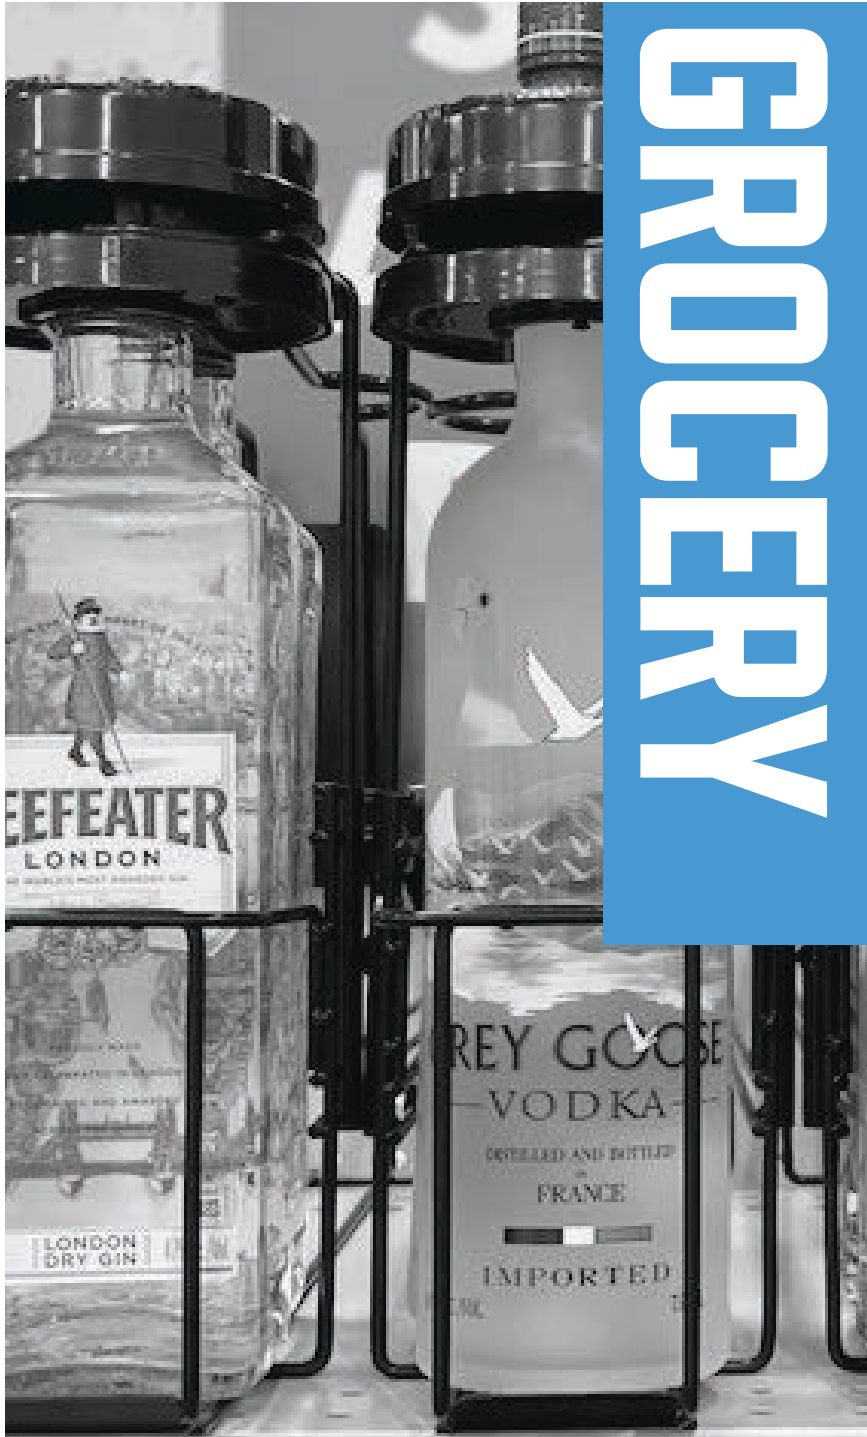

- **Merchandise & Secure** — Available in various sizes to protect a wide range of products
- **EAS Protection/Alarming** — Prevent shoplifting with AM/RF Scorpion Security Wraps. Product alarms in cut and run attempts, and if not removed properly, will alarm upon reaching security gates
- **Retractable** — Cable retracts quickly and easily. Save time and prevent tangling through retracting feature
- **Reusable Design** — Ability to reuse product across various departments

SCORPION SECURITY WRAP

Scorpion offers Scorpion Security Wraps in multiple sizes to protect a wide range of merchandise. These products are easy to install and will prevent shoplifting through their alarming system.

- **Merchandise & Secure** — Available in various sizes to protect a wide range of products
- **EAS Protection/Alarming** — Prevent shoplifting with AM/RF Scorpion Security Wraps. Product alarms in cut and run attempts, and if not removed properly, will alarm upon reaching security gates
- **Reusable Design** — Ability to reuse product across various departments

GROCERY

SECURITY DISPENSER FOR WINE AND LIQUOR

Side pusher dispenses product one at a time or on a customizable time delay, but staff can easily and quickly restock merchandise with the front-loading dispenser. With Scorpion's Security Dispenser front-facing display, you'll never need to monitor displays or move bottles to front of shelves again. Fully customizable and available in individual units to accommodate bottles of all sizes.

- **Anti-Sweep** — Solution prevents multiple bottles from being "SWEEP" from shelves at once
- **Side Pusher** — Pusher feature allows for dispensing of one product at a time
- **Customizable** — Fully customizable for bottles of all sizes
- **Front-Loading** — Load products with ease through front of dispenser
- **Individual Units** — Available in individual facing cartridges to accommodate customer requirements

EAS BOTTLE CAP SAFERS

Scorpion offers bottle cap safers in various sizes to help in the fight against theft of wine and liquor. These caps are easy for employees to deploy and allow for a seamless shopping experience while maintaining complete protection.

- **Theft Deterrent** — Visible protection deters from theft attempts
- **Bottle Cap Design** — Enclosed design prevents decanting of bottles in store
- **Multi-Use** — Extremely effective with or without EAS (remove at door) system at the door
- **Easy Installation** — Employees can install and remove in seconds

SECURITY DISPENSER FOR BABY FORMULA

Manual turn only lets one product dispense at a time, but the patented one-way door technology lets staff quickly and easily restock merchandise. Products secured by Security Dispenser's always display front-facing, which means you never have to waste time moving canisters to front of shelves manually. Fully customizable and available in individual units to accommodate containers of all sizes.

- **Anti-Sweep** — Solution prevents multiple bottles from being “SWEPT” from shelves at once
- **Manual Turn** — Feature allows for dispensing of one product at a time
- **Customizable** — Fully customizable for containers of all sizes
- **Product Loading** — Load products with ease through front and back of dispenser
- **Individual Units** — Available in individual facing cartridges to accommodate customer requirements

“THE FUNCTIONALITY IS EXACTLY WHAT WE’VE BEEN LOOKING FOR!”

“We love the look of the bottle dispenser. We are having an issue with liquor loss right now and these units have helped reduce theft. The functionality is exactly what we’ve been looking for!”

STORE MANAGER

SPORTING GOODS

GOLF CLUB SCORPION

Scorpion offers a highly secure solution for golf clubs of all sizes that have removable heads. Our solution allows employees to use a small barrel lock and key to open/close device while maintaining a seamless, hands-on shopping experience for consumers. The Golf Club Scorpion provides complete protection against theft by ensuring that the club head cannot be separated from the shaft as both parts have high value.

- **Theft Deterrent** — Visible protection deters from theft attempts
- **Universal Design** — Solution fits all golf club drivers
- **AM/RF Technology** — Extremely effective with or without EAS (remove at door) system at the door
- **Easy Installation** — Employees can install and remove in seconds
